

**Selina Hess**

## **International mobility project**

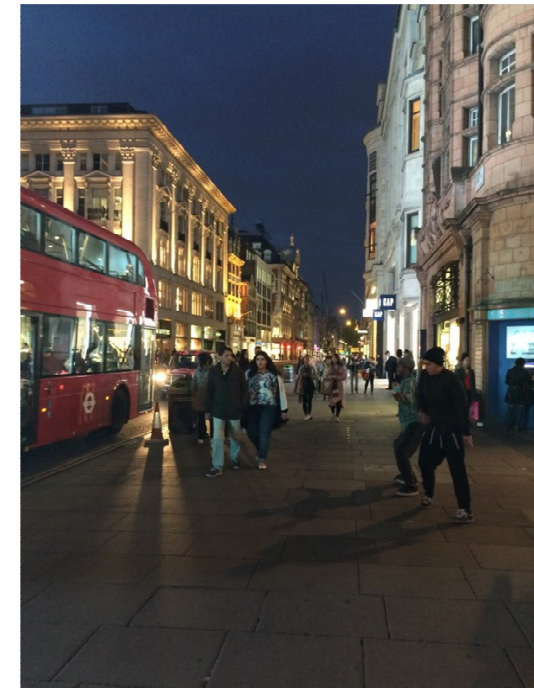

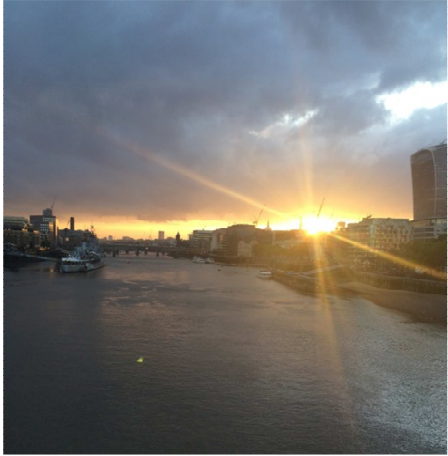

31 May 2015 to 20 June 2015  
JFS in cooperation with ADC College

Our three week trip to London started with a one week speech course in English at the ADC College in Harrow & Wealstone.

Our both teachers Gulia and Carloine taught us each day an other topic. College was from 9.00 – 12.30 o'clock. After course we had free time. We went to Camden Market and other Places like Buckingham Palace and Green Park.

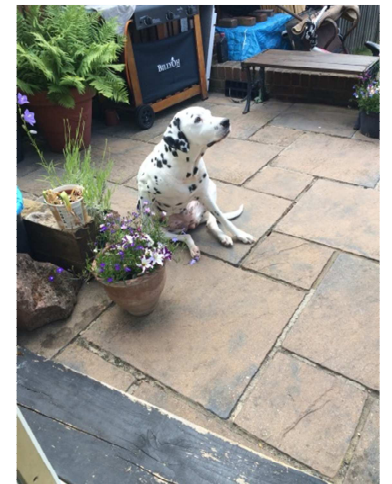

Furthermore we enjoyed our free time on other typical places like the Tower Bridge, Big Ben and the Themes....

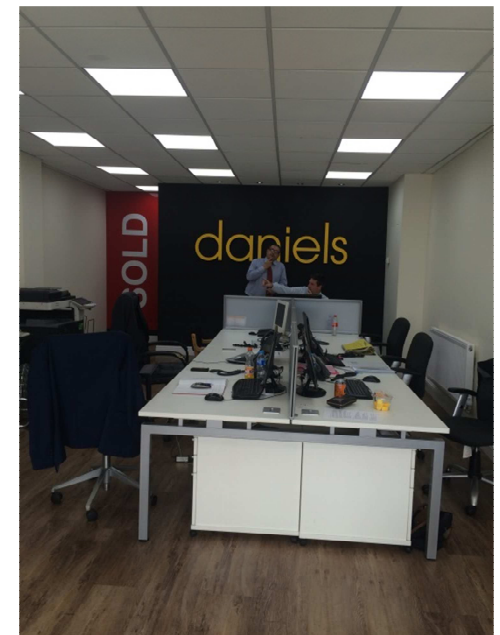

While we stayed in London we lived in host families. Our Host family was family Chandler. Sarah (Mother), Peter (Dad), Aron, Byron, Christina, Darsy and Ethon (children) and not to forget Yellow the dog. But the oldest son Aron already married and don't live at home anymore. It was such a great time there. Sarah relaxed often in the evening with us and we talked about nearly everything. She was like a real mum for us. We get every day breakfast and dinner every time fresh and very good.

The second and third week we did an internship in a company in London. Mine was an estate agency in Neasden. About one hour to drive from my host family's house. I worked together with seven men at "Daniels". All very friendly and I really had a great time there. My tasks were research in the internet and advertising staff. I also was able to go to views in flats or houses.

On the weekends we went to Pubs and the Club "Rumba" at the Picadilly Circus. We danced and drink a little bit and had a lot of fun together. Mostly we met us at Bus Harrow Station to drive together with the Tube in the Centre. To get back home we had to take the night bus which was a little bit difficult hat the first time, but it went better and better.

All in all I would say that it was a really great time and I received a lot of new experiences. Each should take the chance, to go aboard and met new people...
