

A wide-angle photograph of the Cliffs of Moher in Ireland. The image shows a massive, layered rock cliff face dropping steeply into the Atlantic Ocean. The top of the cliff is covered in green grass, and a few small figures of people can be seen walking along the top edge. The sky is filled with large, white, fluffy clouds. The water is a deep blue-grey color. In the foreground, there is a rocky beach area at the base of the cliff, and some wildflowers are visible in the bottom right corner.

Our trip to Ireland
